Whiti ki runga, whiti ki raro.

E ngunguru ki te rākau
tītaha ki tēnei taha
tītaha ki tērā taha
Tihei mauriora

in the world of light and understanding
Cross upwards, cross downwards.
Turn to the rock
turn to the tree
leaning to this side
leaning to that side

Conflict of interest section from NEAC Terms of Reference

1. Members must perform their functions in good faith, honestly and impartially, and avoid situations that might compromise their integrity or otherwise lead to conflicts of interest. They must also be, and be seen to be, independent of the Minister of Health and the Ministry of Health. Proper observation of these principles will protect the National Ethics Advisory Committee and its members and will ensure it retains public confidence.
2. Members attend meetings and undertake Committee activities as independent persons responsible to the Committee as a whole. Members are not appointed as representatives of professional organisations and groups. The Committee should not, therefore, assume that a particular group's interests have been taken into account because a member is associated with a particular group.
3. Members are required to declare any actual or perceived interests to the full Committee. The Committee will then determine whether or not the interest represents a conflict, and if so, what action will be taken.
 - The Chairperson will ask members to declare any actual or perceived interests at the start of each meeting.
